You're a Star in Second Grade!***

August 2017

Dear Second Grader,

Welcome to second grade! I am looking forward to working with you and getting to know you this year. We are going to have so much fun together!

This was a very busy summer for me. I spent a lot of time thinking of new activities for our class. I visited many European countries, watched movies, spent time in Hawaii, played tennis, visited with family & friends, and read many books. I hope your summer was fun and relaxing.

On the first day of school I would like you to bring in a picture of you and your family doing something special. Also, think about the best book you have ever read and bring it with you on the first day of school too.

I can't wait to meet you!

Smile,
Mr. Winnick

Dear Parents,

I am writing to ask you to help me become a partner with you in your child's education. I will only have your child for a short time in this trip through life—just one fleeting school year—and I want to make a contribution that lasts a lifetime.

I know my teaching must begin with making your child feel at home in my classroom. My goal is to help the children come together in a learning community made up of individuals, each with his or her own learning style, interests, history, and hopes. Would you help me get to know your child by taking a quiet moment to write to me about your child? What is your youngster like? What are things you, as a parent, know that would be important for me to know? What are your child's interests? I want to know how your child thinks and plays and how you see your child as a learner and a person.

Please send this letter in with your child on the first day of school. "The future is hidden even from those who make it." Here's to a wonderful future!

Sincerely,

Mr. Winnick
